<ul style="list-style-type: none"> • I really appreciate Professor Schallon's teaching style as she's very engaging and hands on when she teaches. This helps you to stay on topic and to follow along efficiently with her pace. • Amazing overall professor very enthusiastic and good at teaching. She had a genuine interest in what she was teaching. • She often uses an unnecessary amount of time on class activities that do not hold much academic value, sometimes taking up 50% or more of the class time with a simple grammar exercise and discussion. • Really great teacher, as an intro course into college she's very helpful and lenient with you and your level of writing. She's also extremely patient with you and is always happy to help in case you get stuck on something or if you don't even know where to start. • She is very passionate in teaching, and her essay prompts are very good. They encourage critical thinking and original thought, which is great for an essay prompt and really encouraged me to try my best on all of the essays.
